HAEMATOLOGIST, MIDLAND  
REGIONAL HOSPITAL,  
TULLAMORE

**Nurse Colette Cleary**

MIDLAND REGIONAL HOSPITAL,  
TULLAMORE

Haemochromatosis is an iron overload disorder and is one of the most common but under-diagnosed hereditary disorders. It is more prevalent in Ireland than anywhere else in the world. Email Miriam at [miriam@haemochromatosis-ir.com](mailto:miriam@haemochromatosis-ir.com) or visit [www.haemochromatosis-ir.com](http://www.haemochromatosis-ir.com) . Free Event. All are welcome!
